NEBOSH National General Certificate in Occupational Health and Safety

Course overview

The NEBOSH National General Certificate in Occupational Health and Safety provides an excellent foundation in occupational safety and health for all types of organisations. It helps its holders manage risk effectively by covering a broad range of topics, and is ideal for:

- Managers, supervisors, employee representatives
- Those looking to start a career in health and safety

The course covers:

- How to effectively manage health and safety
- The UK's key legal requirements
- How to identify and control common workplace hazards
- How to carry out risk assessments
- How to manage and minimise workplace risks

The NEBOSH Certificate is a widely respected qualification which meets the requirements for Technical Membership of IOSH and Associate Membership of IIRSM.

A full course syllabus can be found at [National General Certificate in Occupational Health and Safety - NEBOSH](#).

Assessment

- Scenario-based online digital assessment
- A practical assessment

Entry requirements

There are no entry requirements for this qualification.

It is important that learners have a suitable standard of English language in order to understand and articulate the concepts contained in the syllabus. NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International Language Testing System (IELTS) score of 6.0 or higher in IELTS tests.

For further information please see the latest version of the IELTS Handbook or consult the IELTS website, www.ielts.org
